

**Losing a child to drug overdose can make you feel alone and in pain.
Maybe you are thinking no one could possibly
understand how you feel.**

Have You Lost a Child to Drug Overdose?

You are not alone!

**There were 378 overdose
deaths in Maine in 2016. On
average, one person died of a
drug overdose each day in
Maine last year.**

**Please join us for this initial offering
supporting parents who have lost a child
to drug overdose.**

Thursdays, 5:30 - 7:30 p.m., August 31 - October 5

- **Non-judgmental**
- **Safe**
- **Share difficult emotions**
- **Support**
- **Confidential**
- **Connection**

**For more information and to complete a registration form,
please call Janice Ronco, LCSW, at Hospice Volunteers of Hancock County,
207-667-2531.**

NOTE: If you have lost a loved one other than a child to drug overdose and would be interested in a support group, please call Janice and let her know.
